Work Experience

Frontend Developer | Freelance | 2023 – Present

Key Contributions:

- Developed and maintained web application user interfaces with React.js and Next.js.
- Improved mobile user engagement by 25% through responsive design implementation.
- Accelerated development cycles by 20% through the creation of reusable UI components.
- Collaborated effectively with design and backend teams to ensure cohesive user experiences.
- Enhanced app performance by optimizing code, resulting in a 30% reduction in page

load times.

IT Support Specialist | Air Peace Limited | Sept 2019 – Jan 2023

Key Contributions:

- Managed pilot communication and flight information.
- Supported B777 pilots with pre-flight navigational software and system readiness.
- Ensured integrity of digital flight data and accessibility of EFB content for flight crews.
- Collaborated with IT teams to maintain network access for B777 pilot digital resources.
- Tracked flights using advanced flight tracking softwares for reliable real-time awareness.

Projects

Tech Care | Personal Project
[Checkout project](#)

- Developed a healthcare dashboard with dynamic chart range selection, infinite scroll news feed, and diagnostic list using Next.js, Tailwind CSS, Zustand, and Axios.
- Engineered modular API services and structured project directories (services, types, stores) for scalability and maintainability.
- Optimized loading strategies to ensure seamless data updates and eliminate disruptive reloads for a smooth user experience.
- Applied responsive design and accessibility best practices for consistent performance across mobile, tablet, and desktop devices.
- Independently managed the full frontend development lifecycle, demonstrating strong project management and technical expertise.

Portfolio Website | Personal Project

[Checkout project](#)

- Developed a dynamic portfolio website using Next.js, React.js, and Tailwind CSS to showcase projects and skills.
- Engineered a fully responsive design for optimal viewing across devices.
- Implemented a clean UI/UX and a dynamic project showcase section.
- Established professional routing and navigation for improved site structure.
- Optimized the portfolio for fast loading speeds and applied accessibility standards (a11y) and SEO optimization.
